

## **MYSTRAN Pricing (as of March, 2010)**

Upon payment of the fees listed below, users will be sent an unlock key to run problems of unlimited size<sup>1</sup>. The fees are for the executable version of the software which does not expire. Only the software support expires after 1 year from the time purchased. For more information, contact Dr Bill Case at: [DrBillC@mystran.com](mailto:DrBillC@mystran.com) or visit the web site at: <http://www.MYSTRAN.com>.

### **Professional Edition**

The Pro Edition license fees listed below are for the current version of the software and include timely software support for problems using the program for one year as well as all version updates made within one year from the time of purchase.

In addition, there is a 30 day limited money back guarantee. If the software fails to work correctly during this period, and cannot be repaired within 5 working days of notification, money will be refunded upon request.

Single user (Windows or Linux version):	\$1000.
Site license (Windows or Linux version):	
5 users:	\$4000
10 users:	\$6000

### **Home Edition**

The Home Edition license fees listed below are for the current version of the software. Software support includes providing version updates for one year for major errors that have no work-around. It does not include version updates that have been made to provide more functionality in the program.

Single user (Windows version):	\$150.
Single user (Linux version):	\$250.
Single user (Windows and Linux versions)	\$350.

### **Educational Institution Edition<sup>2</sup>:**

Free with proof of educational institution.<sup>3</sup> Software support is as defined under "Home Edition"

---

<sup>1</sup> No limitation in the program as to problem size, but Windows imposes a 2 GB limit on total memory (real plus virtual) for arrays.

<sup>2</sup> The Educational Institution Edition is for use in an educational environment only (e.g. as an aid in teaching a course for credit at an institution of higher learning).

<sup>3</sup> Send an email to [DrBillC@mystran.com](mailto:DrBillC@mystran.com) with the name and location of the educational institution along with the department head's name, telephone number and email address where I can get verification of the intended use of MYSTRAN.
